

CPID & YouLEAD CERTIFICATE SERIES PRESENTS:

The Journey

to becoming an inspired, transformed, and strong youth leader/practitioner

June 23th - 26th 2016

Pender Island, British Columbia

*Effective youth workers have four key capacities: what they can **do** (skills), what they **know** (knowledge), their **connections** (networks) and who they **are** as people (character).*

Join IICRD facilitators, local elders and fellow practitioners on an inner and outer Journey using deep inner reflection and nature-based experiences out on the land, to:

- Deepen your own journey of inspiration, wellness, and personal development
- Cultivate your leadership, mentoring, and facilitation skills
- Use culturally grounded approaches to support youth wellbeing
- Learn practical and exciting methods that draw on the natural world to work with youth

Come join us for **four days** out **on the land** to reflect on your life experience and how this shapes your perspective and your work with children, youth, families, and **communities**.

CPID & YouLEAD are innovative leadership and child protection training programs for community based child and youth practitioners. To learn more visit www.iicrd.org/learning-hub/you-lead
